PLANTERS AND AGENTS. It goes without saying that the honest interests of the citizens of this faith with the Japanese immigrants to untold millions among their votaries. But it nounced the traffic, and more than 2007 five years president of the national body. For Good government, good business, are politic. Yet we are continually acting endorse the protective action of their terests pulled us apart instead of drawing us together. This apropos the fact pressed themselves to the writer in the name of the laborer?" is not so easy terms immical to their agents. Much troversy. But repetition of charges and counter charges could do no good, is the H. G. S. B. And it is a most might intensity bitter feeling and perhaps would prevent that final better fault of its plain obligation to start the understanding for which we hope. It Postal Savings Bank, has or has not king of Tyre, in exchange for timber. Homer garded this as an extreme view, and feared time we shall winess the destruction of the garded this as an extreme view, and feared time we shall winess the destruction of the garded this as an extreme view, and feared time we shall see temperature. is our purpose to consolidate, not to the right to designate Messrs. Claus represents a priest of Apollo extolling a Thrather would be a reaction. It seems strange liquor power. Sometime we shall see temperthe right to designate Messrs. Claus divide We know what a hard, exacting, up-hill struggle many planters have savings deposit. The government is local. We also know how much anxiety to the terms of the local of the forms of the terms of the local of the forms of the terms of the local of the forms of the evil will save men who have ever hibition—and our grand United States national agents have undergone, and what grave labor contracts to which the Japanese Pliny says that "wine began to grow into rep: these good men should not have apprehended starving children, no heart-broken wives, no responsibilities they have undertaken, in order to carry on plantations into provide a bank of savings with governwhich they have gone on the very advice of planters who facts warranted. We are not prepared been extravagant and we know that in some cases their agents have had to pay for such extravagance; nor are we previously called attention to the pay for such extravagance; nor are we previously called attention to the previously called attention to the intervals of peace, these barbarians were adverse members of temperance societies. But prepared to deny that some agents prepared to deny that some agents fact that the mere deposit of government bonds by the new bank of Claus intervals of peace, these bartarians were an dicted to immoderate drinking and gaming."

The old Germans used a decection of oak of drunkards reformed continued to be stranged of drunkards reformed continued to be ties of their clients. But we think that the rule has been creditable to both planters and agents. We think planters generall) have done their best to make We have not questioned and do not the nations." "The Germans led the race of Baltimore, a wonderful work began among other lands, and from what we know of the generally have done their best to conserve the best interests of the planters that the beasted deposit of government tolled as a country tree from drunkenness and more, and organized themselves into a tembeen cause for complaint on each side is undeniable. That there has been much misunderstanding, and, consequently, much mutual injustice, is

understanding between planters and agents. This can best be brought not believe the Japanese government the government is derived from brandy. about by more frequent visits to the or its representatives here, either guilty plantations by agents. One difficulty or likely to be guilty. has always been that agents have thought the estimates made by planters for current expenses were too high, and have sometimes felt called upon to cut down estimates to a point that planters believed to be not only work. It has become convinced, after unjust but crippling. This kind of in thorough investigation, that in no way can Archbishops of Canterbury and Vork endea. justice would be obviated by frequent that purpose be better served than by the esvisits to plantations on the part of tablishment of postal savings banks. This visits to plantations on the part of conviction is based upon knowledge derived agents, who ought to familiarize them from personal intercourse with the poor in all selves with every form of plantation parts of the state. There is an imperative dework, including all the agricultural mand for some general and thoroughly safe methods, the milling and the transpor- form of depository for small savings ; and the methods, the milling and the transportation. The agent ought to know whether the planters' estimates are the plant much is asked for cultivating the area generally in the furtherance of ties object. specified, for grinding and for all the The postal savings banks have not only enspecified, for grinding and for all the The postal saving.

But these mild measures were ineffectual, efforts of Hon. Neal Dow, the famous Maine other expenses. "If my agent would couraged economy and habits of thrift among and under the Danish and Norman invaders and under the Danish and Norman invaders those celebrated Liverpool salt sacks for horse get oftener onto the hurricane deck of get oftener onto t get oftener onto the hurricane deck of a direct benefit to the government.
